

Dentist Divine

This is a practice that really stands out
And with every patient there is no doubt
That care and excellence is their goal
As Dr. MA is in control
He is a dentist that doesn't cause pain
And it's a comfort to know
That it's his knowledge he does attain
To keep his patient's smiles so healthy and clean
And continue on with their oral hygiene
So book your appointment with Dentist Divine
And then you'll be happy all the time!
